WinNetStar Release Notes

April 30, 2012

RELEASE NOTES

Beta Version of Payroll – Contact Bill Young at 972-964-5510 for inquiries or to schedule a demo.

Added the first 30 User Defined Fields from the Wholegood Master to Column Chooser in the Repair Order list.

Added an option within Company Preferences to require Miles or Hours on a Repair Order. To set this option, navigate to Company>Company Preferences and click on the Service Tab. You will see a new check box for Require Miles/Hours.

Improved the performance related to opening and saving IR Bill documents.

Corrected an issue with the Pre-Fetch filter for Customer on the Wholegood List.

Corrected an issue with the Fleet Charge interface related to labor charges with discounts.

Added a column for Business Phone Number to the CNH Customer Sales History report.

Corrected a rounding issue on Invoices that was creating a difference in the amount shown on certain Customer Statements.

Corrected an issue related to Inactive Miscellaneous Charges in the Rental Module.

Added columns for License Plate State and License Plate Number to the Repair Order list.
