This Document contains information proprietary to RIMSS Business Systems Technology. Use or disclosure without written permission is expressly forbidden.

The PartSmartApp must be loaded on each PC that requires the interface to WinNetStar

Downloading the PartSmartApp

From your Internet Web Brower enter the following **<https://rimss.com/partsmartapp>**

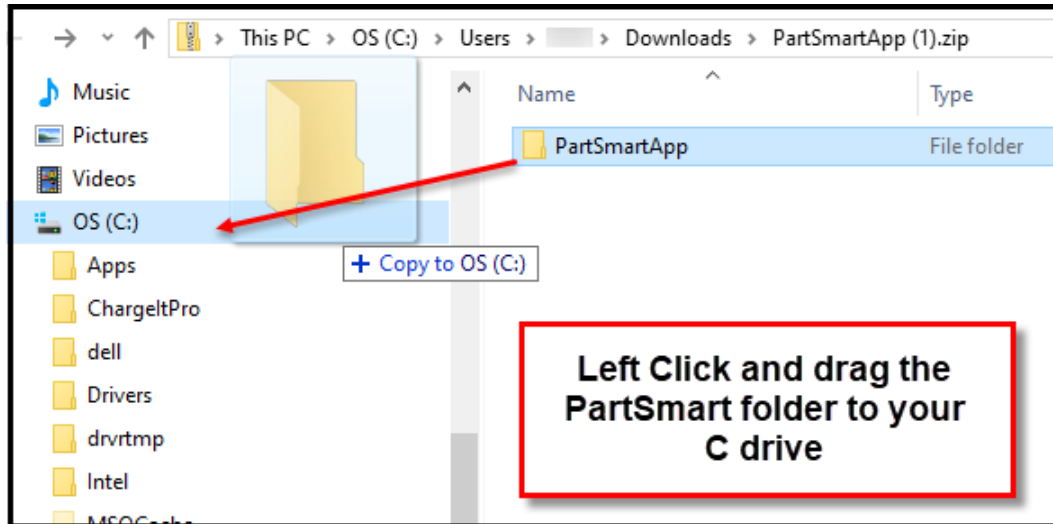

This will download the PartSmartApp.zip file. Click on Open to open the file from the Download folder.

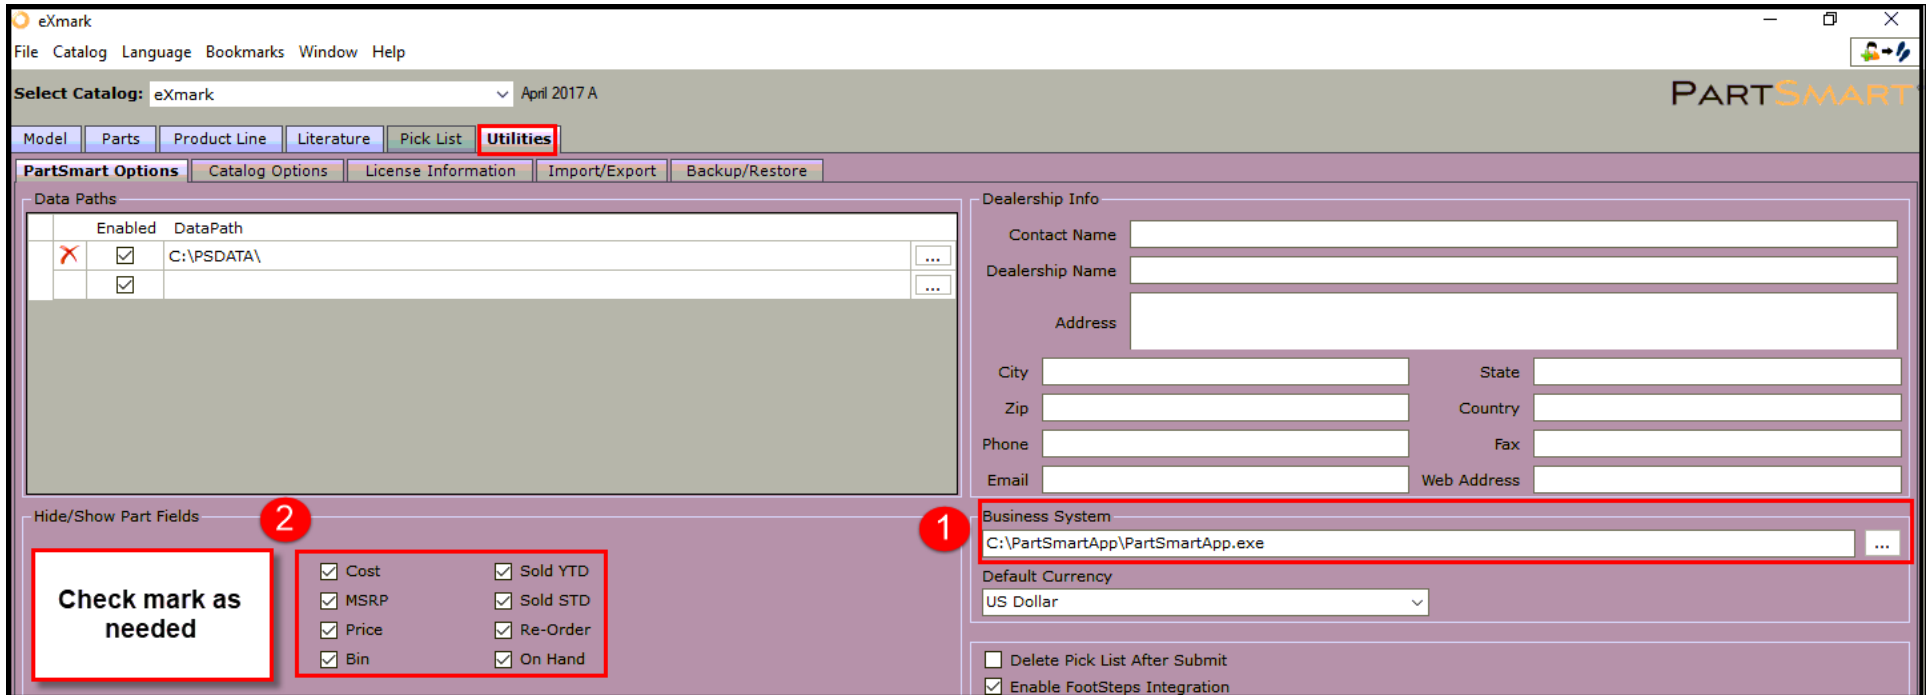

The file is downloaded in a zipped (compressed) format and must be unzipped (uncompressed) before using. Double click on the PartSmartApp folder to unzip

Copy or Move the PartSmartApp folder to your C:\ drive

From the PartSmart application, go to the Utilities Menu

#1. In the Business System enter: C:\PartSmartApp\PartSmartApp.exe

#2. In the Hide/Show Part Fields, check mark boxes as needed and will display when searching for a part.
